

May Postpone Citizenship Airplane Production Debated As Commons Drives on Bills

By D'ARCY O'DONNELL

OTTAWA, Nov. 27.—(CP)—Aircraft of a war type are being made available for civilian work but "none of them is suitable for commercial purposes," Reconstruction Minister Howe said yesterday in the Commons.

Jobs, Housing Are First Need Of Servicemen

OTTAWA, Nov. 27.—(CP)—Employment and housing are the first essentials for men leaving the forces, Col. A. J. Brooks (PC-Royals) said yesterday in the Commons.

COL. BROOK was speaking on the second reading of a bill to amend the War Services Act. The bill received general support from the CCF and Social Credit parties. Clarence Gillis (CCF-Case) from South said while his party opposed the grants they considered there was no way a substitute for employment which was the first essential.

J. A. MARSHAL (SC-Camrose) speaking for the Social Party expressed concern about the bill. John Blackmore (SC-Leithridge) said he was "astounded" that any sort would be made to deprive a serviceman of his gratuity simply because in a momentary weakness he committed some misdemeanor.

Mr. Blackmore called for deletion of clauses which would deprive the services to prevent payment of gratuity to men discharged for military conduct.

GRATUITIES were for servicemen and should not be taken away every day and hour spent by a man in the services. They should not be treated as an additional measure of punishment against those guilty of misdemeanor.

He was pleased to hear that the commons committee had recommended that the utmost leniency be shown to men who might be deprived of gratuities on grounds of conduct.

As the bill was written a Victoria Cross winner could be deprived of his gratuity for a breach of discipline.

PERCY WRIGHT (CCF-DeWinton) said that almost who were put on reserve and sent to air training camps he gave points for the time spent in the schools. At present, such men found themselves in the RCAF with a very low point score because they were not credited with the time spent in the schools.

Clarence Gillis (CCF-Case) from South said while his party opposed the grants they considered there was no way a substitute for employment which was the first essential.

CAPT. WALTER TUCKER, parliamentary assistant to Veterans Minister Mackenzie, said he thought the suggestion "very good" would draw it to the attention of the minister.

The bill finally passed through all stages of committee and was given third and final reading.

Today in Europe

(Continued from Page 1)

system, has resulted in the Soviet system of government possessing a stability that is probably unrivaled elsewhere in the world. When the Germans invaded Russia in 1941, it was expected that, within a few weeks, and colossal military resources, would cleavage would envelop within the Russian system of government, and that there would be a series of purges that would lead to the collapse of the whole structure.

The astonishing fact of the membership of the Politburo—with the exception of Shesterkin who died a few months ago—today identical with its composition on June 22, 1941. And yet, that, until recently, these 13 men brought Russia through four years of terrible war has naturally immensely increased the already vast powers they exercised before the war.

Who are these men who hold the destinies of their country more tightly gripped than any oligarchy since the Council of Ten in Venice? The large majority of them are quite unknown outside Russia. Yet among them—and not in the ranks of the Red Army, as has recently been suggested abroad—will certainly be found the eventual successors to Stalin. Here are the names of the omnipotent thirteen.

IN ORDER of probable importance and influence, they are: Stalin, Zhdanov, Malenkov, Beria, Andrei, Molotov, Mikoyin, Kaganovich, Khrushchev, Voznesensky, Voroshilov, Kaulin and Sviridov. The power of Zhdanov, Malenkov and Andrei arises from their positions as party secretaries of the Central Committee of the Communist Party. This means they are deputies of Stalin in his capacity of Secretary General of the Central Committee. Until 1940, Stalin held no other post than this; yet it sufficed to make him the most powerful man in Russia. Beria owes his influence to the fact that he is chief of the NKVD and of the secret police.

Although most people suppose that Zhdanov ranks in the Politburo immediately after Stalin and is his most likely successor, some shrewd observers point out that the party machine is really controlled by Malenkov, who is the only one of the three party secretaries who is not responsible for all party appointments. In addition, he is the only one of the three who is not a member of the Politburo. Almost all members of the Politburo—and, indeed, most

Some of the members of the Beaver Club who have returned from the services to their jobs in the Hudson's Bay store are shown in the above picture. Against the wall from left to right, with their branch of the service indicated, are: A. Sternberg, RCAF; Sgt. G. Barry, RCAF; J. A. Wolf, RCAF; A. H. Hall, RCAF; Val Berg, president of the Beaver Club; H. S. A. Johnson, manager of the Edmonton

store, Hudson's Bay Company; Capt. Gerda Forsland, CWAC, still in the services; W. Jeandron, RCAF. With their heads turned toward the camera, in the next row, are: J. McNeil, army; J. Hunter, army; M. A. Graham, RCAF; J. W. McRorie, RCAF; William Phair, army; M. Langer, RCAF. Others pictured in the foreground are members of the store staff attending the welcome home dinner.

Full Recommendations On Co-Op Taxation

OTTAWA, Nov. 27.—(CP)—Following is the text of recommendations on the taxation of co-operatives made in the report of the McDougall Royal Commission tabled in the Commons yesterday:

ON TRADING CO-OPERATIVES

1. THAT SECTION 4, paragraph (P), of the Income War Tax Act be repealed.

This paragraph gives tax exemption to co-operative associations and to co-operative associations which are defined co-operatives.

2. That the Income War Tax Act and the Excess Profits Tax Act be amended to provide for the taxation of co-operative associations and organizations on the same basis as other persons in accordance with the recommendations which follow:

3. THAT CO-OPERATIVE associations and organizations, joint stock companies, partnerships, and other bodies and persons shall be allowed to deduct, in computing taxable income, such amounts as patronage bonuses, patronage dividends, refunds and discounts, rebates and other similar amounts which are paid or credited to their customers, or within six months after the end of the relevant fiscal period of the association, organization or company and within six months after the end of the relevant fiscal period of the individual, be deemed reasonable.

4. THAT THE STATUTE or statutes under which any such co-operative association or organization is incorporated or registered, or its by-laws, or a contract with its customers, hold forth the prospect of payments to be made in proportion to patronage.

5. THAT AMOUNTS referred to in paragraph 3, shall be deemed reasonable in proportion to patronage and deductions from the gross proceeds of sale of the customer's products.

6. THAT DEDUCTIONS from the gross proceeds of a customer's products included from the income of the association, organization or other business, if applied against an obligation incurred by such customer to purchase shares, or to make other investment in the association, or if credited to the customer, and payable by him on giving such notice as may be deemed reasonable.

7. THAT AMOUNTS referred to in paragraph 3, shall be deemed reasonable in proportion to patronage and deductions from the gross proceeds of sale of the customer's products.

8. THAT SECTION 4, paragraph (P) of the Income War Tax Act be amended, if necessary, to include associations incorporated or registered under provincial co-operative legislation, or incorporated as a co-operative under Dominion authority, for the purpose of providing telephone services, distribution of electricity, power, or medical and hospital services, be exempt from income tax for its first three fiscal periods following the commencement of operations.

9. THAT ASSOCIATIONS incorporated or registered under provincial co-operative legislation, or incorporated as a co-operative under Dominion authority, for the purpose of providing telephone services, distribution of electricity, power, or medical and hospital services, be exempt from income and excess profits taxes.

10. THAT THE MINISTER be authorized to make such regulations as may be deemed reasonable.

11. THAT THE MINISTER be authorized to make such regulations as may be deemed reasonable.

12. THAT THE MINISTER be authorized to make such regulations as may be deemed reasonable.

13. THAT THE MINISTER be authorized to make such regulations as may be deemed reasonable.

14. THAT THE MINISTER be authorized to make such regulations as may be deemed reasonable.

15. THAT THE MINISTER be authorized to make such regulations as may be deemed reasonable.

16. THAT THE MINISTER be authorized to make such regulations as may be deemed reasonable.

17. THAT THE MINISTER be authorized to make such regulations as may be deemed reasonable.

18. THAT THE MINISTER be authorized to make such regulations as may be deemed reasonable.

19. THAT THE MINISTER be authorized to make such regulations as may be deemed reasonable.

Back From War Beaver Club Greet Its Former Members

Membership of the Beaver Club, made up of employees of the Hudson's Bay Company, filled one of the lower dining rooms in the Masonic Temple Monday night, when they welcomed back some of the men who had belonged to the club during the war and who have now returned to their old jobs.

TWO OF THEM are not coming back, and H. S. A. Johnson, manager of the local store and a guest of honor, said that the club members stand for a moment's silent tribute to Sgt. M. A. Harris and Sgt. L. D. Fox. A concert in the Mr. McNeil's main auditorium followed the dinner and the evening finished with a dance in the same place.

Some of the members of the Beaver Club who have returned from the services to their jobs in the Hudson's Bay store are shown in the above picture. Against the wall from left to right, with their branch of the service indicated, are: A. Sternberg, RCAF; Sgt. G. Barry, RCAF; J. A. Wolf, RCAF; A. H. Hall, RCAF; Val Berg, president of the Beaver Club; H. S. A. Johnson, manager of the Edmonton

store, Hudson's Bay Company; Capt. Gerda Forsland, CWAC, still in the services; W. Jeandron, RCAF. With their heads turned toward the camera, in the next row, are: J. McNeil, army; J. Hunter, army; M. A. Graham, RCAF; J. W. McRorie, RCAF; William Phair, army; M. Langer, RCAF. Others pictured in the foreground are members of the store staff attending the welcome home dinner.

\$13,600 Book

LONDON, Nov. 27.—(CP)—The first illustrated edition of Bessie's Dictionary sold yesterday for \$13,600 at Sotheby's auction house.

GOODRICH!

THE GREATEST MILEAGE TIRE OF ALL TIME

MADE BY

B.F. Goodrich

Here is good news for motorists! A new kind of tire has been developed and tests show that it will outlast present passenger car tires.

It is made of a new rubber compound developed by B. F. Goodrich—different from the ordinary synthetic rubber used previously.

In more than 2,000 tests, aggregating over 16,000,000 miles over all kinds of roads, this new B. F. Goodrich tire has shown longer treadwear than regular tires, outstanding resistance to skids and blowouts—and a new degree of quietness in tire performance.

In the near future, these new Silvertons will be produced for shipment to B. F. Goodrich dealers, but supplies may be limited for quite a while.

Meantime, take good care of the tires you have . . . or if you need new ones immediately, ask dealers for the famous B. F. Goodrich Lifesaver Tread Tires now available . . . the tire that will give greater mileage right from the start.

Dense Fog Said Cause of Mishap

Dense fog throughout the district Saturday night was blamed for an accident one mile south of the Oliver school on the Calgary highway about nine miles south of Edmonton, when Fred Hauser, Wetaskiwin truck driver, was injured, according to RCMP.

Police said Hauser, driving a ton-and-a-half truck north with a brother, Ben, stopped near the Oliver school to wipe the windshield fogged up in the bad weather. While he was doing this, police continued, a southbound automobile driven by Ludwig Pauber of Leduc, struck the left front corner of the truck.

Hauser was thrown to the ground, and is said to have suffered a fracture below the knee of his left leg. He was rushed to the University hospital by RCMP where he was reported in good condition Monday.

British Sailors Pass Through City

Fifty Royal Navy ratings were passengers on the CNR regular Sunday morning train bound for Vancouver where they will sign on the Agamemnon, now awaiting them in the Pacific Coast port. They were passengers on the Queen Elizabeth along with the thousands of Canadians who returned on that liner.

None of them were allowed ashore in Edmonton though their car was visited by representatives of the Red Cross and the Legion.

How COLDS affect Your KIDNEYS

The kidneys are very delicate organs, easily affected—especially by a cold. Their duty is to filter impurities and excess acids from the blood. When you have a cold, extra work is thrown upon your kidneys. Cold's kidney pills help your kidneys clear your system of excess acids and poisons caused by colds, and give you a chance to shake infection sooner—get better faster. In your home a cold-get and use Dodd's Kidney Pills. 139

"I want you to try to be nice to them tonight, George—he was on the ration board for two years, and now he's trying to win back his old friends!"

Orthopedic Shop In New Location

The orthopedic shop at the University hospital was recently moved to the Col. Mevburn pavilion according to an announcement made recently by J. W. Proctor, district administrator department of veterans' affairs, here.

The shop, formerly in the basement of one of the hospital buildings, is now much more convenient to the orthopedic clinic and is better fitted and shaping new arms and legs for unfortunate veterans.

E. P. Tannous, who is in charge of the shop, is himself the wearer of an artificial leg and his four assistants are also "amputees." Two of them lost their legs in the war of 1914-18 and the other two in the battle of the Falaise gap in this war.

Vegreville District Highway Program Under Discussion

Next year's road program in the Vegreville constituency was the chief subject of discussion when Michael Ponich, M.L.A., Vegreville, called on Hon. W. A. Fallow, acting premier and minister of public works, Monday.

The member for Vegreville also had an interview at the engineering branch regarding certain engineering details of the swimming pool built at Vegreville last year.

Tenders Are Called For New Highway

Building a highway to more simply known as the Grimshaw road, approached measurably nearer Monday with calls for tenders simultaneously in Edmonton, Calgary, Vancouver, Winnipeg, Toronto and Montreal.

Closing date for receiving tenders at the department of public works in Edmonton is noon of Dec. 19.

The road from Grimshaw to the Alberta-Northwest Territories boundary involves four separate contracts. From mile 12.39 up to which the road has already been laid from Grimshaw, it is 10 1/2 miles to the south of the Melville river to the south boundary of the Merla settlement; thence to mile 186, five miles north of the 26th base line; thence to mile 227, the river crossing; and thence to the provincial boundary at 260.8.

According to present agreement the Dominion government will bear two-thirds of the cost of the road within Alberta. The Dominion-Provincial conference may result in a new policy whereby the Dominion province may share the cost on a 50-50 basis. In any event the Dominion will bear the full cost of the road after it emerges from Alberta into the Northwest Territories.

Bank Montreal Reports Upward Business Swing

MONTREAL, Nov. 27—A moderate uptick in commercial and other loans, which may be taken as an indication of a return to a peacetime economy, was noted today in the annual statement of the Bank of Montreal, which also recorded unprecedented total resources, deposits and holdings of government bonds.

THE RISE in commercial and other loans from \$20,104,000 in 1944 to \$23,417,000 at the bank's year-end on Oct. 31, 1945, changes the downward trend of the bank's loans which had been in evidence during the latter years of the war. The swing in the other direction may be regarded as an indication of increased private business activity in place of wartime economy under which many firms were engaged on government war work and, being largely financed by the government, had less need for banking credit.

While commercial and other loans were showing a modest increase, the bank's holdings of government bonds and other securities jumped by more than \$10,000,000 to reach a new peak of \$1,317,004,000—the first time in the bank's history that the bill-and-dollar market had been passed in such holdings. These securities represented almost two-thirds of the total assets of the bank, with the greater portion of the amount represented by issues of the Dominion Government and high-grade provincial and municipal securities, which mature at early dates. The use of such a high proportion of the bank's resources in government holdings is indicative of the share which the institution has taken in war financing.

DEPOSITS BY the Bank of Montreal's million customers reached a new high of \$1,612,428,000. The rise of some \$200,000,000 in deposits was reflected by a similar rise in total resources to \$1,713,934,000—highest in the 128-year history of the bank—from \$1,526,734,000.

Another reflection of an increasingly sound position of the country as a whole was a drop in loans to provincial and municipal governments, including school districts, from \$1,516,000 to \$648,000. A similar drop was recorded in the statement for 1944, and the decrease may be regarded as an indication of the improved financial condition of such bodies.

Other items of the bank's resources included cash in vaults and money on deposit with the Bank of Canada at \$10,307,000, as compared with \$18,417,000 last year. And of and cheques on other banks at \$62,706,000 as compared with \$46,397,000, and money on deposit with other banks at \$61,300,000 an increase of almost \$300,000 during the year.

DEPOSITS MADE UP the great bulk of liabilities, with comparatively minor amounts in government notes, in circulation, acceptance and letters of credit outstanding, and other liabilities.

The bank's profit and loss account is presented in a somewhat revised form from that of previous years, inasmuch as the amount for amortization of bank premises has been shown as a deduction from profits before the amount provided for taxes. Thus, while net profits after taxes this year amount to \$2,914,681.08, the corresponding figure last year, after allowing for \$800,000 written off bank premises, would have been \$2,094,306.19 (subject to tax adjustment).

Profits for the year, after providing for bad and doubtful debts, were down somewhat to \$2,151,581 before deduction of income and excess profit tax estimates, compared with the revised figure of \$2,151,581 for the previous year. For 1945 a total of \$2,783,000 was estimated for taxes, of which \$174,450 would be refundable, as compared with a total tax of \$1,773,000 last year.

AFTER PROVISION of taxes, net profits for the year amounted to \$2,608,681.08, compared with 1944's figure, adjusted for the provision of taxes, of \$2,608,681.08. The percentage increase in profits for 1945 was 2.7 per cent over the 1944 figure. Capital, real and undivided profits and reserve for dividends, as compared with 1.48 per cent last year, calculated on the adjusted figure.

Dividend payments, unchanged from 1944, amounted to \$2,190,000, leaving \$144,681 to be carried forward. Added to the balance in the profit and loss account at Oct. 31, 1944, this figure brings the balance in that account up to \$1,317,004.

Men who think of tomorrow are planning self-reading books, uninterrupted symphonies. Your radio-phonograph of tomorrow will bring you complete novels, dramas and symphonies magnetically impressed on small spools of steel wire. Hours of entertainment will be provided by a single spool no larger than your hand. And on spools of "blank wire" you will be able to make your own recordings—to keep permanently or to "wipe clean" for re-use any time you wish! Yes, your Victory Bonds will buy greater pleasures and comforts tomorrow!

Men who think of tomorrow say

"HOLD ON TO YOUR VICTORY BONDS TODAY"

NO ONE can repeal the law of supply and demand. But we can make it work our way by holding on to Victory Bonds bought to finance our nation at war.

Here's why: For many months consumer goods will continue to be scarce. Bidding for these goods with our extra dollars, thus driving prices up, only serves to devalue all of our personal wealth, and that of the nation.

By leaving our extra money in safe keeping with our government—for repayment when conditions have become normal—we automatically keep prices down and maintain the law of supply and demand in balance.

That's why your Victory Bonds may save you twice what you've invested in them—if you hold on to them now. When tempted to cash them in—think of tomorrow!
